As the State of Connecticut Health Department Regulations require the disclosure of the purpose of testing, the following must be understood and signed by the collector of this water sample:  
 I, \_\_\_\_\_ (please print) declare that the water sample submitted under this intake form was collected in complete conformity with the sample collection information herein supplied. I further affirm that I followed sample collection instructions and procedures provided to me by Northeast Laboratories of Rocky Hill, CT.  
 As of October 1, 2022, all registered environmental laboratories are required to submit the results of all testing conducted on private drinking water wells to both the state of Connecticut Department of Public Health and local health departments. These changes were made by Section 60 of Public Act 22-58, revising Section 19a-37 of the Connecticut General Statutes. Your signature acknowledges that data including your address and your test results will be forwarded to your local health department and to the state of Connecticut Department of Public Health.

Signature: \_\_\_\_\_

Standard Analysis for:	Price:	X
Note: Some testing parameters may be outsourced to a certified laboratory
